this manual is the first comprehensive account of brazilian portuguese linguistics written in english offering not only linguists but also historians and social scientists new insights gained from the intensive research carried out over the last decades on the linguistic reality of this vast territory in the 20 overview chapters internationally renowned experts give detailed yet concise information on a wide range of language internal as well as external synchronic and diachronic topics most of this information is the fruit of large scale language documentation and description projects such as the project on the linguistic norm of educated speakers nunc the project grammar of spoken portuguese and the project towards a history of brazilian portuguese phpbb among others further

chapters of high contemporary interest and relevance include the study of linguistic policies and psycholinguistics the manual offers theoretical insights of general interest not least since many chapters present the linguistic data in the light of a combination of formal functional generative and sociolinguistic approaches this rather unique feature of the volume is achieved by the double authorship of some of the relevant chapters thus bringing together and synthesizing different perspectives

this book analyses the economic consequences of the regional government of catalonia s challenge to democracy and the rule of law in spain this process started in 2010 culminated in a coup d état in the autumn of 2017 the book has three parts first the circumstances behind the challenge economic structure social and political aspects second the economic impacts of the resulting huge political instability and social polarisation and the downturn in gdp investment competitiveness barcelona s appeal and flight of companies and banks to madrid third independence would mean collapse of trade with the rest of spain and the eu expulsion from the eurozone fall of gdp plummeting tax revenue soaring unemployment and finally conversion of this hypothetical new catalonia into a failed vassal and totalitarian state this book is destined to be the foremost work of reference on the consequences of the separatist threat to spain including catalonia s current decline

gathering researchers from or towards global south epistemologies this book enriches the debate on crucial questions for liberation in the south and the improvement of south relations it argues that coloniality and colonialism are not outdated phenomena of the historical past but contemporary marks that remain repressed the dominance of eurocentric paradigm in the social sciences explains the long lasting detachment between thinkers and politicians from the global south which have been historically presented according to their respective relations with the west europe and north america the dialogue on common problems and challenges to people and societies in the south largely derived from their colonial past and condition is still sparing this book actively promotes and demonstrates the value of intercultural dialogue and debate amongst voices from within the global south on issues to do with decoloniality cultural rights law and politics

the ongoing opioid epidemic in the u s is just a glimpse of a complex ecosystem characterized by the interaction of multifaceted actors from various countries around the world cooperating across different stages of the global supply chain in fentanyl from the labs to the streets twenty one experts provide a comprehensive multidisciplinary analysis of the fentanyl supply chain guiding the reader through the complex supply chain the nature of criminal and state actors and the linkages between different regions around the globe four parts divide the book each one showcasing a relevant phase within the global fentanyl supply chain as well as the main mechanisms and processes shaping them the chapters analyze the fentanyl trade from different levels of analysis while also maintaining synergies between chapters in their treatment of similar interwoven issues related to the various phases of the fentanyl supply chain the role of

criminal organizations and some law enforcement practices fentanyl will be an excellent resource to students and researchers across the social sciences and particularly in political science international relations and criminology it will also appeal to scholars working on drug policy epidemiology illegal markets organized crime and policing
