a civil infrastructure system cis is better defined by its interactive effects and integration than by its individual components it transports people and goods delivers clean water electric power gas and liquid fuel preserves the environment from pollution facilitates communication and mitigates the impact of natural disasters infrastructure systems are networks and or lifelines of which highways airports canals dams bridges embankments mass transit and telecommunication systems etc are important components the increasing demand for cis availability while new constructions may be prevented from environmental considerations and in europe from architectural motivations requires the improvement of the existing cis in addition recent natural disasters have demonstrated the fragility of these systems and the devastating degree of socio economic loss that their failure can bring these trends are common in most

industrial countries all these countries are in urgent need of cost effective strategies for planning design construction maintenance and retrofit of their respective ciss in order to enhance and sustain the current economic prosperity into the 21st century

an in depth look at how to improve decisions on major projects at the concept stage when there is scant information available this book describes how to evaluate judgemental information it looks at how scant information can actually be a strength and can help establish a broad overall perspective

first published in 1994 to a storm of controversy thanassis valtinos s probing novel orthokostá contested standard interpretations of the greek civil war through the documentary style testimonies of multiple narrators among them the previously unheard voices of right wing collaborationists valtinos provides a powerful nuanced interpretation of events during the later years of the nazi occupation and the early stages of the nation s civil war his fictionalized chronicle gives participants victims and innocent bystanders equal opportunity to bear witness to such events as the burning of valtinos s home village the detention and execution of combatants and civilians in the monastery of orthokostá and the revenge killings that ensued as a transforming work of literature this book redefined established methods of fiction as a novel based on actual history it changed the way greeks understand their own past dust jacket
