from the bestselling author of blood sweat and pixels comes the next definitive behind the scenes account of the video game industry how some of the past decade s most renowned studios fell apart and the stories both triumphant and tragic of what happened next jason schreier s groundbreaking reporting has earned him a place among the preeminent investigative journalists covering the world of video games in his eagerly anticipated deeply researched new book schreier trains his investigative eye on the volatility of the video game industry and the resilience of the people who work in it the business of videogames is both a prestige industry and an opaque one based on dozens of first hand interviews that cover the development of landmark games bioshock infinite epic mickey dead space and more on to the shocking closures of the studios that made them press reset tells the stories of how real people are affected by game studio shutdowns and how they recover move on or escape the industry entirely schreier s insider interviews cover hostile takeovers abusive bosses corporate drama bounced checks and that one time the boston red sox s curt schilling decided he was going to lead a game studio that would take out world of warcraft along the way he asks pressing questions about why when the video game industry is more successful than ever it s become so hard to make a stable living making video games and whether the business of making games can change before it s too late

visions of the american city in post apocalyptic ruin permeate literary and popular fiction across print visual audio and digital media american cities in post apocalyptic science fiction explores the prevalence of these representations in american culture

drawing from a wide range of primary and critical works from the early twentieth century to today beginning with science fiction in literary magazines before taking in radio dramas film video games and expansive transmedia franchises robert yeates argues that post apocalyptic representations of the american city are uniquely suited for explorations of contemporary urban issues examining how the post apocalyptic american city has been repeatedly adapted and repurposed to new and developing media over the last century this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible chapters present media specific analyses of these texts situating them within their historical contexts and the broader history of representations of urban ruins in american fiction original in its scope and cross media approach american cities in post apocalyptic science fiction both illuminates little studied texts and provides provocative new readings of familiar works such as blade runner and the walking dead placing them within the larger historical context of imaginings of the american city in ruins
